SUBJECT.

Directing the transfer of the Balamuri Chattram located at French Rocks to Sirangapatam -

PREVIOUS REFERENCES. | LATER REFERENCES.

Memo.

Petition No. 39 dated 14th April 1895 from Mr. P. Raghavendrarao requesting that the Balamuri Chattram (misstated Bonnur Chattram in the petition) maybe located in the Chattram building constructed by his father the late Rai Bahadur P. KrishnaRao near the French Rocks Railway Station.

The Balamuri Chattram which receives an annual Jasdik of Rs 1227-12-0 is now located in the village of French Rocks except for 2 months in the year when the Chattram is held in Rai Bahadur P. KrishnaRao building near the Railway Station for one month about the time of the

Viramudi Utsavam at Melkote, and in Balamuri for one month in "Thulámása". Mr. P. Raghavendra Rao now requests that the Balamuri Chattram may be permanently located in the building constructed by his father near the French Rocks Railway station.

2. From the previous correspondence on the subject of Balamuri Chattram it will be observed that once in June 1889 Mr. A. Raghavendra Rao (brother-in-law of the late Mr. P. Krishna Rao) who was then the Amildar of Sreerangapatam Taluk, proposed the same arrangement on behalf of the heirs of the deceased Councillor, but though the proposal was recommended* by the Deputy Commissioner, the Government declined* to sanction the same.

* Deputy Commr's letter No. 283 dt/20.7.89

* Chief Secretary's Docket to Deputy Commissioner No. 3215/186 dt/31.7.1889.

3. I beg to state that the late

Councillor P. Krishnarao's Chattram being situated in an isolated place near the Railway Station and more than 3 miles away from the village of French Rocks, is not much frequented by travellers except during the Viranudi Utsavam at Melkote when the large numbers of pilgrims travelling by rail, halt at this Chattram immediately on getting down from the train. It will be therefore quite sufficient if the existing arrangement of feeding travellers in P. Krishnarao's Chattram for a month during the Melkote Jatra season out of the Balamuri Chattram Funds, be continued. The special feeding at Balamuri during the "Thulámása" may likewise be kept up. But during the remaining ten months of the year, I would not recommend the Chattram being kept up, as at present, at French Rocks, where the Chattram is visited

more by Suitors and witnesses
Coming to the Sub division Officer's
Court there by bona fide travellers.
I would therefore propose that the
Balamuri Chattram now at French
Rocks be transferred to Seerangapatam
and located in the premises of the
Gangadhareswaraswami temple. The
Kirangur Chattram now located
in the Narasimhaswami temple at
Seerangapatam is not found sufficient
to meet the requirements of the large
numbers of pilgrims and travellers
who visit the place.

20th Jn Y 1895
Bangalore

A Seemmanna

Kerangur & Balamuri Chattrams may be
amalgamated & held at Seringapattam in
Narsimhaswami's temple, when necessary small
alterations shd be made to ~~permit of~~ meet the
Growing requirements of the Chattram -
Supplies for Srivaishnavas travelling shd be
given from the temple alms & actual requirements
& a Chattram shd continue at R D Hunsur
Two places & at Balamuri as hitherto
for a month at Each place.

Dated 20th June
No 226.

Sir,

With reference to your docket No. 547 dated 25th January 1889 calling upon me to report how I would propose to locate the Balamoory Chattram, I have the honor to state that since the month of March 1889 the Chattram has been located at the building erected by the late Rai Bahadur Puttana Row close to the French Rocks Railway Station and that at the last meeting of the Local Fund Board held on the 1st January 1889 Mr Raghavendrachar Amildar of Seringapatam undertook to place that building at the disposal of Government if it so

be decided to permanently locate the Balamoory Chattram therein

2 Rai Bahadur Krishna Row's Chattram is very conveniently situated for travellers being at the junction of the Mysore-Hassan and the Mysore-Nellegéré roads; and it is only a few yards from the Railway Station.

3 I would therefore respectfully recommend that the offer of Mr. Anildas Raghavendra Row be accepted and that the Government feeding Chattram known as the Balamoory Chattram be permanently lodged in the building known as Rai Bahadur Krishna Row's Chattram. Should Government be pleased to approve of my recommendation, I shall ask Mr. Anildas Raghavendra Row to get a Mootchalika executed by the

heirs of the late Rai Bahadur Krishna Row binding themselves to place the building in question permanently at the disposal of Government.

Papers sent with Mayor Dept's No 3528 26th June

The Salamni Chetty is now not located any where, & therefore the public are without the benefit of the institution.

There is no other place locally available than the Lake Rd Kachcheri Chetty at French Rocks near the Railway Station.

No reasons have been adduced for the unpreparedness of Kachcheri to locate there. At any rate there appears nothing against a trial being made, & the Principal of the Dy C. being sanctd as an experiment for six months & reported upon at the end of that period for further consideration & orders.

Precis of correspondence regarding the transfer of Balamuri Chuttrum to Ayanna chutter built at French Rocks.

15-7-85. One Narasimhasastry of Mysore addressed a petition to the Sub Division officer, French Rocks, stating that on his way to Attikuppa he stopped one day at French Rock in the Government feeding chatram that on his inquiry he came to understand that there being no separate Government building for this chutter, the Govt had occupied a private building paying 2Rs rent every month to the owner, and thereby the chutter was opened for feeding only for 20 days in every month. He also suggested that this Government chuttrum might conveniently be removed to Subédar Ayanna's chuttrum, which was vacant.

No 1169 17-7-85. This petition having been referred to the Amildar for report,

3369 21-12-85 he stated in his report as follows

one Sundar Bahadur Ayanna, Subedar Major of the 38th Regiment N. I. stationed at French Rocks.

built a chuttrum for the use of the public, and having named it as Ramanuja Koodam, handed over the building to the possession and care of Manavalaya's father. The building is all right and a pond is in the compound of the chutter. If the Government chutter be removed to this building, all travellers can conveniently be put up there. But one, viz the said Manavalaiah, in whose possession the building now is, objects to the transfer, on the plea that the above named Subedar being Vaishnava caste, had built this chutter especially for the accommodation of his caste-people. In the stone "Sasanam" fixed in the chuttrum nothing is mentioned in support of the Petitioner's allegations, and is only stated that this Dharmasala is built after obtaining permission from the Commanding Officer. If at least 20 cubicals of the chutter excluding the portion now occupied as Ramanuja Koodam be set apart for the Government feeding chuttrum, it will be

sufficient for the accommodation of the travellers and therefore it is recommended that orders may be issued for transfer of the Chuttrey to this building as all the villagers of French Rocks have executed a Mahazar to the effect that the Subedar built the Dharmasala for the use of the public. The Amildar also forwarded an unstamped document dated 6th July 1826, executed by Subedar Ayanna in favor of Manavalyá's father and produced by Manavaliah. It is stated in this document that the building is constructed for the accommodation of travellers, and for the preservation of Ramanuja Koola and that the same is entrusted to Manavalia father, for worshipping Ramanujachar, and for taking due care of the building.

88 Thereupon the Sub Division officer issued an order to the Amildar stating that he can remove the Government Chuttrum to Ayanna's Chuttrum, as it is clearly mentioned in the Sasanam of the Chuttrey and also in the

Mahazar taken from the villagers that it is built for the use of the public and as nothing is mentioned in the document produced by Manavalia about his allegation that the chuttier is built solely for the accommodation of Vaishnava caste.

Upon this order Manavalia submitted an appeal petition to this office and the same was forwarded to the Sub Division Officer for report with proceedings. 2 of 2

The Sub Division Officer in submitting the records of the case, states that Manavalia produced no evidence to show that the chuttrum is built chiefly for the accommodation of his caste people, but that the Sasana, the document produced by the Petitioner and the Mahazar executed by the villagers of French Rocks say that it is built for the use of the public and that out of 24 Ankanams of the building only 17 Ankanams have been utilized for the use of the Government feeding chuttrum leaving the

remaining 7 cubicams for Ramanuja Kootam, and for accommodation of the petitioner's caste people. The officer also states that on his personal inspection of the place he found that the petitioner being a Contractor of P.W.D. was utilizing the whole building for storing tools &c and the Compound for laying and burning bricks, and that therefore the Government Chattel is removed there with a view of giving effect to the intentions of the donor.—

Reg no 39

To

Sir K. Seshadri Iyer K. C. S. I.
Dewan of Mysore.
Camp Cotacamund.

Sir,

I beg to bring the following few lines into your Kind consideration.

My Late father built a Chuttie close to French Rocks Railway Station for the convein of Travellers, proceeding to or coming from Hassan Nagamangala, Melkote and other adjacent place Owing to the difficulty of procuring skilled labour and materials at the spot and the nature of the site the building itself cost nearly double what was intend for it, and to no provision was made for feeding pup or for maintaining it in proper repair. I have, with m limited means been doing all that I could to keep i in good condition. There is a feeding establishmen (Government) at the Chuttie at Bunnoor, which i transferred to the Chuttie at French Rocks Station ov Year for about a couple of months during the "Vairam Festival at Melkote. If this establishment could be permanently transferred to the French Rocks Chuttie which is only a few miles from Bunnoor, and quite ce to an important Railway Station, not only would be greatly utilised, but the building also we proper cared for and always tenanted. Further I am gui willing to make an annual contribution of about One Hundred Rupees, in memory of my Late fathe towards the proper upkeep of the place. In Conclusi I request that you will be graciously pleased to ord

Sd/

Such arrangements, as will not only make the building more useful and convenient to travellers but relieve me of a great responsibility.

I beg to remain
Sir
Your obedient Servant
P. Raghavendra Rao

Fern Hill, Ootacamund,

1895-6.

Mussai.

Read again.

Correspondence ending with Govt Pro: No. 3395/152 dated 15th July 1890, on the Subject of the Balmuri Amma Chattram.

Read also,

Petition dated 14th April 1895 from Mr P. Raghavendra Row, requesting that the Balm. Chattram (mistaked as Bamnur Chattram in the petition) may be located the building constructed by his father the late Rao Bahadur P. Krishna Rao near the French Rock Station.

And,

The Mussai Sub Collr's Rep. on the Subject dated 20th July 1895.

Order thereon

Ro 197-8-95
Mad 76 95 21/7/95

The Balmuri Chattram which receives an annual Jasdik of Rs 227-12-0 has, for some years past been temporarily located in the village of French Rocks except for 2 months in the year, when the Chattram is held in Rai Bahadur P. Krishna Rao's building near the French Rocks Ry Station (3 miles from the village). for one month about the time of Vyramudi Utsavam at Melkote, and in Balamuri for one month in Tulamasa.

Mr. P. Raghavendra Rao on requests that the Balmuri Chattram may be permanently located in his father's Chattram near the Ry. Station.

2. Once in June 1889, Mr P. Raghavendra Rao, then Amildar of Sreerangapatam

Taluk made proposed a similar proposal to ~~remove~~ transfer ~~of~~ the Balmuri Chattram to the French Rocks Railway Station, but the Govt. Considered that the transfer was unnecessary.

3. The Govt. now observe that, with a chattram ~~permanently located at~~ at Sreerangapatam (known as Kirangur Chattram) and the Bale Raj Urs Chattram ~~another large chattram~~ at Ballal - both within a short distance of French Rocks on either side, there exists no necessity for maintaining a separate chattram ~~either~~ at ~~the Rly Stn or the village of~~ French Rocks. On the other hand it is reported that the Jasdik allotment to the Chattram at Sreerangapatam is found quite inadequate to meet the growing requirements of the large number of pilgrims & travellers visiting the place.

The Govt. therefore deem it best
to transfer the Balmuri Chattram
now located in ~~French~~ Rocks
to Sreerangapatam and
amalgamate ~~the inst~~ - it
~~-tution~~ with the Sreeranga-
-patam Chattram, ~~there~~
needful ~~slight~~ alterations being
~~should be~~ made to the Chattram building at S. Pata
& provide ~~additional~~ increased
accommodation. The Dy
Commr of Bellyone District,
will be instructed to carry
out the same with effect from
1st Septr 95.

4. Supplies for Srivishnava
travellers at Sreerangapatam
should be daily given to the
temple of Sri Ranganathaswamy
according to actual require-
-ments (as ~~to~~ has been done hitherto
to provide cooked food for them

5 The special feeding of
travellers conducted out of
the Balmuri Chattram funds
for a month at Rai Bahadur

Directing the transfer of the Balamuri Chattram located at French Rocks to Seringapatam.

M.G.C.P.B.—19-8-95—120

Bangalore,

23rd May 1907

Dear Mr. Raghavendra Rao,

On my way to Melkote and back, in April last I happened to halt at Your Chattram (the late R. B. Krishna Rao's) French Rocks. The Chattram is kept neat, but I found the building to be in need of some slight repairs. The floor has to be concreted here and there and the water passage in the bathroom widened and levelled so as to allow the water to escape freely.

I beg to bring these facts to your kind notice.

Yours very sincerely,

Recd/ 4/6

Supplemental subjects

No 1. The question of transporting to Bukumia Chattanna to Krishna Rao Chattanna near the French-Rocky Roy station came up before Govt- once in 1889 and again in 1895 and on both these occasions the Govt- issued order that the transfer was unnecessary, because there were two chattannas, both within a short- distance of French-Rocks on either side, viz- the one at- Tiruvengaputtur and the other at- Bellandu.

No 2. There are no references in this Office on the subject- which be enquired into
